 Sunday, December 6, 2009

*Star Wars™*: In Concert is a unique multi-media event featuring music from all six of John Williams' epic Star Wars scores. Narrated live by Anthony Daniels (the actor who portrayed C-3PO in all six films), the production features a full symphony orchestra and choir, accompanied by specially edited footage from the films displayed on a three-story-tall, high-definition LED super-screen - one of the largest ever put on tour. The live music and film elements are synchronized in order to create full multi-media, one-of-kind *Star Wars* experience.
